5 impasse René Char, Gerzat, 63360, France

PROFILE

Highly proficient in programmation, Web development, and networking, I'm currently looking for a work-study. I know I can make a successful impact in a cybersecurity or in a web development team.

WORK EXPERIENCE

July, 2022

I worked in a French supermarket named Leclerc as caterer and Butcher. They told me to come back for Holidays.

June, July, August 2021

I was responsible of the maize castration alongside the boss. I had to take care of the other and pay attention to their work. Moreover, he hired me to help him maintain his premises and his farm machinery.

Summer 2017 to 2020

I did the maize castration for 4 years during the summer. The boss was happy because of my work. So in 2021, he gave me more responsibility.

EDUCATION

September 2021, Entry to a degree in Networks and Telecommunications, University of Clermont-Ferrand, France

- July 2021, obtaining high school diploma with "Mathematic" and "Numerical and computer sciences" specialities, Anatole France, middle school of Gerzat, France
